

EXPLORE OUR NEW SYNTHETIC CHAIN

SWOS is proud to announce the addition of synthetic chain to its product portfolio. Combining the durability of Dyneema® with the versatility of chain, this new product adds yet another safe and efficient alternative to traditional wire rope or steel chains.

At a fraction of the weight of its steel counterparts, your lifting, lashing, and winching applications can now be executed with less manpower, and without risk of damaged cargo.

- 8 TIMES LIGHTER THAN STEEL, BUT JUST AS STRONG.
- SAFER LIFTS, REDUCTION OF ACCIDENTS
- REDUCED DAMAGE TO CARGO
- EASY TO TRANSPORT, LOWERING COSTS

**FASTER,
SAFER,
SMARTER.**

LINK SIZE (mm)	BREAK STRENGTH (mT)	LINK WIDTH (mm) 'a'	LINK THICKNESS (mm) 'b'	LINK INSIDE (mm) 'c'	LINKS PER METER	WEIGHT PER METER(kg)
9 x 12.5	6	12.5	9	100	10	0.23
12 x 24	15	24	12	100	10	0.45
17 x 30	30	30	17	125	8	0.86
